

## **Notice Related to Institute Email ID for all passout students (UG,PG and PhD)**

This is to inform all **(UG, PG and PhD) 2021 passout students** that your institute id will remain active till the convocation, and will be disabled only after convocation. Therefore, it is a request from Central Computer Center (CCC) to all pass out students to kindly take backup of all the important emails/google drive files/data from your institute email id. The institute already has all your personal email ids, so any further communication from the institute side will be carried out via your personal email id. Best wishes for your bright future.

Team CCC
